According to activities of project:

New Professional Diploma in Plant Clinic and Phytosanitary Technologies

"609550-EPP-1-BG-EPPKA2-CBHE-JP"

WP1. Needs Analysis and Transfer of Knowledge-PROJECT INITIAL PHASE

Task.1.3: Staff need for training in modern plant clinic techniques

During the period from 01/03/2020 to 15/05/2020

by

Prof./ Ahmed Aziz Abdel Moniem

Sohag University, Egypt

Based on the stakeholders analyses done in task WP1.1, the discussion between the project team and experts at Sohag University suggests a program to cover the Staff need for training in modern plant clinic techniques including the following items.

1. Integrated inner and outside places for lectures.
2. Guidance to thesis writers and the student guidance model; responsibilities and counsellors.
3. Development optimism and student orientation.
4. Teaching arrangements.
5. Individual difficulties with studies.
6. A good and motivating atmosphere.
7. Study and practical training guidance (study Plant disease and pest).
8. Core subject analysis and work-load analysis as part of study plans.
9. Small group guidance and tutoring, especially as team work.
10. Individual study plans - individual learning paths.
