New Professional Diploma in Plant Clinic and  
Phytosanitary Technologies (PRO-DPCP) 609550-  
EPP-1-2019-1-BG-EPPKA2-CBHE-JP

<b>Project title</b>	<b>New Professional Diploma in Plant Clinic and Phytosanitary Technologies (PRO-DPCP)</b>
<b>Project No</b>	<b>609550-EPP-1-2019-1-BG-EPPKA2-CBHE-JP</b>
<b>Work Package</b>	<b>WP7 – DISSEMINATION</b>
<b>Task 7.12</b>	<b>Set UP Consultation and Training Centers (CTC)</b>
<b>Date of Delivery to PRODPCP</b>	<b>1/5/2021</b>
Editor	<b>Professor Dr. Waleed Shaban Professor Dr. Manal Eid</b>
<b>Reviewer(s):</b>	<b>SCU team responsible for internal Dissemination and Sustainability</b>
<b>Dissemination level</b>	<b>Internal</b>

## I-Introduction

An effective strategy of dissemination would encourage successful Implementation, embedding and up- scaling of the concept, product or process, rather than simply distributing or storing information.

However, the main purpose of this deliverable is to provide a formal planning document for the activities that implemented and will be done by **Suez Canal University** team. So that it can guarantee an effective dissemination and keep sustainability about the project **PRO-DPCP** and its outcomes, according to the target audience and based on the original plan and the analysis on-going activities. Nevertheless, our proposal falls under the scope and activities of **Work package 7 – "Dissemination and exploitation"**, that is led by **Mansoura University** and views as its first draft of this WP7 (and will evolve through the duration of the project) to reach and preserve the sustainability afterward the project closes. Our strategy takes into account the current status of the project and the last changes affecting it under the outbreak of **the Covid- 19 pandemic**.
