Its purpose is to consolidate, organize by date, and advertise well in advance the most important international, regional events (e.g. symposia, conferences, information days, workshops, press releases, etc.)</p> <p>INPUTS : <u>Cost of x staff (academic + technical + administrative) X 9 partners x -- days X 12 months) + facilities costs</u></p>	
Due date	M2 start – regularly updated to M36	

INTRODUCTION

The new PDPCP Program WEBSITE will play a pivotal role in the overall dissemination strategy. Serving as the main means of online communication between consortium and its established community. It particularly includes a News area, an Events Calendar, a dedicated Resources area, where various DPCP program results such as recommendation reports, surveys, position statements, etc.

The main project website is prepared and launched in English until M6 and maintained throughout the project life time with links to respective Bi-language websites (En/Ar) at Egypt partners.

* Events Calendar

It is a convenient widget appearing directly in the home page of the portal. Its purpose is to consolidate, organize by date, and advertise well in advance the most important international, regional events (e.g. symposia, conferences, information days, workshops, press releases, etc.)

The project website establishment was the responsibility of WP7 leader – MAU. It was designed and maintained initially by MAU. The Menu included:

After the Interim report, the task leader Prof. Elaiday blocked the access to the project website unless each partner transfer part of its budget to MAU. It was not accepted by the partners and after voting a decision was made by the Management Board a new website to be created and maintained by the coordinator – AUP.

The new project website was created with the main sections of the previous one but with new content.
